Fresh air, clear skies, and plenty of leg room.

For those wanting a home that's in tune with outdoor activity, Woodsong and its immediate surrounds are alive with reinvigorating places for pause and play, including waterways with walking and bike paths that connect neighbouring conservation areas. This community also enjoys easy access to Woodland Historic Park and Craigieburn Golf Course – each within 10kms of Woodsong's wide boulevard entry. And when it comes to sport, you'll be pleased to know that whatever your kids' interests, they are catered for with football, tennis, basketball, swimming, and athletics all close by.

A place to do whatever comes naturally.

The respect and consideration given to preserving the natural environment in and around Woodsong will ensure the community only grows more beautiful with time to complement the existing protected conservation reserves, sports facilities, and parks. On site and nearby, plans for a further 40ha of conservation area, 9ha of active open space, sports fields, and 25ha of healthy waterways and network parks mean residents will forever be encouraged to take full advantage of nature's restorative qualities. An impromptu picnic with family and friends, exercising in the fresh air, or taking the pooch for a stroll will literally be a walk in the park.

Tomorrow looks good from here.

We believe in making a huge deal of the small details. Because nailing the little things first lays a solid foundation to build the big things that last – and there aren't many things greater or more enduring in life than buying a new home. We specialise in land design and community building, and it's our place to ensure the vision for each project is fully considered from the ground up, so the land parcels that we're so fortunate to enhance support families to flourish.
